

Dear Veggie

8/12/14

I'm sorry it's been so long since I have sent you a letter. I had another suicide attempt on 7/28/14. I'm really sick because I need a blood transfusion ASAP. I can't even get out of bed. Sorry about the Crayola. They will not give me a pen! It's been hell. I just got off OBS today 8/12/14. PSU and CDs have been really treating me bad because I write you.

When I get a pen I will
write down all the B-5 that
been going on. Conroy is
still in OBS and they are
treating him just as bad.
He keeps cutting. Im too
sick to do much, Its hard
to even write this. I need
a Blood transfusion ASAP
And they know it. Thanks
for everything Peggie
Your the Best!! Justin
Welch
