**GENERAL REASONS FOR ACTION TAKEN**

1. You have developed an adequate plan, but will need Agent's verification.
2. Your institutional conduct has been satisfactory.
3. Your program participation has been satisfactory.
4. Release at this time would involve an unreasonable risk to the public.
5. You have NOT served sufficient time for punishment.

**COMMISSION COMMENTS**

At the time of last review, conducted at OCI, you were endorsed for outside the fence work placement. Since that time you transitioned back to a non fenced site. You arrived at GCC in February 2015 and have been working in the Kitchen where you worked up to a Lead Cook position. This is viewed as progress. The Parole Commission plans to further monitor your adjustment at this site before endorsing work in the community. Your institution adjustment has remained excellent over a protracted period of time and as a result you were able to transition to minimum custody with placement at TCC for a one year kitchen commitment. You resided at TCC for over seven months with excellent work evaluations. In August 2011 you were recommended for a grant and the Chairperson amended that to a 12 month deferment. The increased deferment resulted in transfer to OCI and you responded to that decision in a positive manner. Shortly after arriving at OCI you obtained a job in the kitchen and reached the two year limit. You then worked as a Unit Janitor. During that two year period in the Kitchen you received many excellent evaluations identifying your hard work, committed work ethic, leadership abilities and willingness to take on additional duties. Your response to that adverse situation indicates you're utilizing a productive thought process and that demonstrates maturity on your part. Your mom passed away since the time of last review and you feel blessed to have been afforded time with her at the nursing home before she passed. Although it's difficult to lose a parent, you've handled the situation productively which also demonstrates a commitment to the changes you profess to have made. This is your 3rd incarceration and 28 yrs 2 months has been served of a 64 year sentence structure for '87 Armed Robbery (30 yrs CC) and '88 Escape, 3 counts False Imprisonment and OVWOC (34yrs). You had an extensive criminal hx leading up to those offenses and that hx included '72 Robbery, '75 Armed Robbery, '76 Forgery, '76 PTAC Burglary, '76 Possession of Burglary Tools, '82 Armed Robbery and '82 Escape. The 1982 Escape involved walking away during an on grounds/outside the fence work detail. The current offenses entail being on parole for Armed Robbery and then committing another one by entering a store, displaying a gun and demanding money. While in court, you ran from the courtroom and took a vehicle with three occupants. You indicated to them that you would let them out as soon as possible; however you were trying to run from people that were trying to kill you. You have reported that you fashioned a gun out of a candy bar, soap and a paper chip bag with the intent to run away from the jail. Taking the car wasn't part of your plan; however due to the urgency of the situation you needed to get away fast. To your credit you let the occupants out of the vehicle a couple of blocks away and then attempted to flee. When you noticed the police cars you pulled into a parking lot with the hopes of waiting for things to settle down. In the parking lot you came head to head with a police car and when trying to leave there was a collision between the police car and the car you had stolen. You have a 30 year CS probation term for related matters. You were 33 y/o at the time and had a deeply entrenched pattern of criminality. You detailed that as a young kid you fashioned a scheme to steal money so you could go on a trip with friends. That was the beginning to taking shortcuts and finding the easy way to fund your desires. You don't blame addictions or anything else for your actions. Instead you highlight what you learned in treatment about your distorted cognitions and how you've used the information to turn your life around. You've completed AODA, CGIP and a HSED; there are no identified programs remaining. Today we reviewed the outcome of the COMPAS assessment. A check of your accounts indicates that you've satisfied all obligations and you've saved approximately \$1752. You were previously approved to live with a friend in Oconomowoc; however that friend has moved to Watertown so the PRI will need to be updated in the future. You're still proposing to reside with the same friend. You're remorseful for your crimes and the trauma you put the victim's through. You're focused on maintaining the positive changes you've made and using the tools learned throughout your years in Corrections. The Parole Commission would like to see you serve additional time noting the seriousness of your crimes and your extensive criminal hx. Serving additional time in a productive manner, achieving reduced custody with work

release and further preparing for release will help to demonstrate a mitigated level of risk. It is noted that you have obtained your Driver's License, Birth Certificate and SS Card.
