This is one of the two criteria for Registered Alcohol Drug Counselor I (RADC I). The other criteria is having an approved Counselor Development Plan on file with the WCB. Development plans are available at our office and may be filed once you are employed doing counseling work on a paid or volunteer basis.

If you already have an approved plan on file, please notify the Board office that you qualify for RADC I status.

For information or help, call the Board office.

Sincerely,

A handwritten signature in cursive script that reads "Lynne Cole".
