Dear Peg,

So how are you doing, I hope you're doing good? I'm doing about as bad as anyone could be doing! I've been telling psychological staff for 3 to 4 months now that I'm on the brink of either overdosing, cutting or hanging myself and never once did they have my cell searched to see if I had hoarded any of my sleeping pills, had anything sharp to cut my wrists or a noose to hang myself and on Wed the 11th I wrote my psychologist and told her if she doesn't have my one-on-one on Friday the 13th that I'd be dead by Monday the 16th and she never saw me or sent anyone to check on me and I ended up overdosing on Sunday the 15th and punching a officer in the face!

Now they've got a very unstable mentally ill inmate in a seg cell (618) that's got a big hole in the ceiling where an old fire sprinkler was and is very easy to knot a sheet up and hang myself from there! I've wrote to the Warden, Deputy Warden, Security Director and Psychological Staff and told them that if I'm not moved by 1-20-17 they'll be responsible for whatever happens to me! And if I'm not moved I'll be probably dead as I've got suicidal thoughts every 2 to 3 days!

Please use your resources to get on the  
prisons ass about this and photocopy this  
letter and send it to as many media outlets  
as you can!?

As Always Your Sincere Help Is Very Much  
Appreciated And I Thank You From The Bottom  
Of My Heart Dear!

Take Great Care Of Yourself, Keep Your Head  
Up, Stay Positive, Stay Strong And Write Me  
Back As Soon As You Can?

GOD BLESS YOU PEG ♡

- Love Always And Forever -
