Forum For understanding Prisons

Time - 7:19 p.m.

29631 Wild Rose Dr. Also can you please send me two C  
Blue River, WI 53518 of my case from 2009 News Paper Articles  
I am Corresponding to you in regards to your Post  
For understanding Prisons. I am interested in helping  
and others understand what Prisoner's go through day  
and day out. Currently I am serving a "Life" Sent  
and I have been in Solitary - Confinement for a total of  
years. For Allegedly Breaking rule Violations Basically  
I could have easily did Sex time and went to (G-P) General  
population. I was then told I was on A.C. due to my murder  
Case Supposedly because the media made it look like I  
A Cold-Blooded Killer. And I don't agree with that b

Cause I didn't kill anybody I basically took the  
to save my ex-girlfriend, and uncle from going to the Pen  
tentiary. And the person was know kin to me. But at this  
time, I am appealing this matter as of now. But I say  
that to say this that's the real reason I am on A.C. Also  
Victim worked at the (HOC) House of Corrections out of  
OF Milwaukee, that's 30 minutes from Milwaukee from

Franklin. But yeah I am yellow phase at this time,  
after that I will be Green phase, and have a total of  
months to return to G-P. So that's my out look upon  
in next <sup>letter</sup> I will write more. The pleasure was all mine!  
Sincerely, Mr. André Timmon P.S. I am Enclosing P  
work as proof to what I spoke of on today...
