

Now I have another inmate that I'm friends with that just recently got beat bad by the Cos . The inmate is **Darnial Craig 374535**. He was on hunger strike for 6 weeks, He lost 30 pounds in that period of time and before he wasn't on hunger strike , he weighed 152 pounds. So that means he was very weak and fragile when the co brutality occurred. He didn't have enough strength to even resist with the cos where they beat him in handcuffs after they took him out of his cell .He went to the hospital. and is traumatized and was on observation for about 3 months. Now they give him extra portions and a bag meal every night. He gets two of everything on all three trays so he can gain his weight back. (He filed and inmate complaint and his appeal and intends to file suit.) It will be nice if you can write him and give him some assistance. These cos in WCI stay beating us while we are in handcuffs and it needs to stop. This type of stuff your guys don't hear out there and most of us inmates don't have a clue on what to so as far as litigating the type of stuff, Ms Swan. I be asking myself why this stuff is happening but when we beat on one of them we automatically getting charged and buried in segregation. So something needs to be done about these situations and we need justice, Ms Swan.
