How you doing? Let me start this letter by saying who handed me down your info... My Big Brother Michael Pietila who said that your good people to keep me sane. They call me SPAZ at the clubhouse, but the real name is Cody A. Long. I run with a chosen few who ride with Satans Outcast in Keshna WI. Let me tell my description of myself, and how I came to become here in prison.

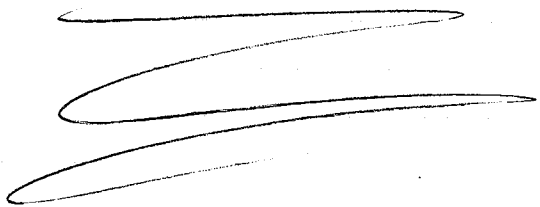

Im a well built, 5'7 26 year old Native American/White boy, who's got Black hair, Brown eyes. I do got peircings, and I 7 tattoo's only for what I ride under. Im in now for PATC Burglary x 5 counts with drugs (1/8 bud) on me. They gave me 7 in 4out, and I got 18 months left in the hell that holds me from my bike. I am looking for a chick to ride with me when I get out, but I want to build up to the frame of a relationship.

Im not writing nobody, and I've done my time by myself with very few people I talk to. The thing I've done is read, drew, and worked out in the castle I call hell. My release date is 10/13/18, but I just pushed for my 75% to get out early on my charges. Im not got to lie, pussy foot around, or worry if you write cause Im a man of honor, and loyalty with what I stand for. If your down to write, hit me back ASAP, but for now Im going to cut this letter with if you got question if you write Im open and honest.
