Re: Sexual misconduct by a Correctional officer

Dear Ms. Swan

My name is Carlos C. McDaniel D.O.B. 02/07/1986, Inmate number - 421656. I am born in raised from Milwaukee Wisconsin. Right now I am being housed in Oshkosh Correctional Institution and this is where the sexual misconduct occurred. This happened to me during a lockdown procedure. All Inmate throughout the whole Institution was to stay in their room until further notice, this lasted from June 2, 2017 to June 10, 2017. During this lockdown all Inmate was to be pat down in and out the restroom and that was fine, but always one person that see a situation as a opportunity to abuse/sexual assault Inmates. Because a proper way Correctional officer was trained to search, talk, and treat Inmate. But not this Sgt. Mr. Pobanz, he took this searching process as a opportunity to get his feel on and say what he want to say to Inmate. Sgt Mr Pobanz would start at my chest and caress my whole body with both his hands Caressing every single body part, he would go slow until he was

Satisfied, He did ~~substantiated~~ this several time (meaning Every time he searched me) He even had the nerves to look me in my eye after feeling on me one day and asked me "don't I know you from some where?" I just looked at him with a discussed look on my face and hurry back to my room. I felt so low and violated, It was like I was worthless to the world. I wrote him up immediately on an inmate Complaint form, the Complaint Examiner Dismissed it and modify it back to the institution. I have not spoken with no one about this issue. It's like their not worried about the seriousness of this issue, not even about my worries or Concern and how this have affected my life. The institution is acting like it never happened. Sgt Pobanz is still working here on this same unit I'm on. That scares me, ~~It's~~ because it's like they can do anything they want to inmates and get away with it.

Their's other inmates who wrote the same complaint against this officer for the same reason and still nothing came out of it. I even contact the sexual harassment hotline # 888 and I reported it to the attorney general the Departement of Justice for Charges to be filed. I would even like to file a lawsuit against him and the Institution, But I need your help. That's ^{the reason} why I'm writing you. I'm ~~willing~~ ^{any} to sign over ~~and~~ thing you need to get started please! Thanks for your time, I'll be waiting
