

Verification and permission forms

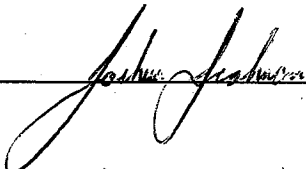

The Following pages are the verification and permission forms of the main plaintiffs in this suit. Each was sent a copy of the complaint and asked to read it and, if they agree to be part of the suit, sign the statement attesting to the truth of the statements made about them. We got signatures from all except Robert Ward , I had not heard from him in weeks and finally visited him . He had not received the 4 packages of envelopes (20 embossed envelopes in all) I ordered for him and therefore could not sign and send the form back to me. I have since ordered more and will submit his form at a later date.
