

## **Transport to the prisons**

**Needed-1) Paid coordinator- possible 10\$/hr , 20 hours a week**

**2)Starting fund to pay for rides for families who cannot afford fare**

**Below are Van owners who presently transport families have said they will reduce prices IF vans are full. Theses women are committed to helping families stay together with prisoner loved ones. Would not take much to coordinate rides= the need is great. Would also need a fair way to help families in need afford the rides . FFUP newsletter could spread the word, the prisoners would do the rest.**
