Dear Bridge of Voices,

I would like to request to have a copy of the Winter 2018 and any newer versions of the FFVP News letter sent to me, to help me better understand our State Prison System, in which I am incarcerated in. I seem to be lost in many of the Prison classification for risk ratings tools the prison system uses for classification security level and movement. Also I lack the knowledge on the new changes that our new governor Tony Evers is proposing to make on the inmates length of sentence in the WI. prison system and/or removing the Truth and Sentence and either bring back parole, good behavior reduction, etc. How would these changes effect those who are serving life sentences without the possibility of extended supervision and was sentenced during the truth and sentence and not under any previous parole options or rules/laws. Please let me know if your able to, for I am serving a life sentence without the possibility of extended supervision since 12/2009, and have been classified and placed in a Maximum prison now for almost 10 years. Please send to me at: Joseph Evans, Jr. #552370

Thank you,
