11.) I went to a Guardian Credit Union with a note demanding that they give me money. I was struggling at the time and I have two kids. I was just trying to survive and take care of my kids. That don't justify what I did because what I did was wrong not only did I break the law what I did was mean and cruel. I regret what I did if I can take everything back I would. I am only human everybody make mistakes, but the important thing is that we learn from them and I learned from my mistake.

12.) Due to covid-19 my health is at risk especially with me being incarcerated. Inmates don't get the proper care that we need in this institution that I'm in. We not allowed to have hand sanitizer or masks and disinfectants because of security reasons. So I can easily be exposed to the coronavirus and I feel like my life is in danger as long as I'm incarcerated. I am better off being at home with my family. I have 2yrs left I already served 5yrs I have program needs I completed one already. I'm willing to do the rest when I get released that's if you grant my waiver request. I am also willing to do my last 2yrs on probation. I would really appreciate it if you would grant this for me I am really ready to get back to my community and family. I have paid my debt to society I have paid off all my restitution and debt to the Guardian credit Union like the judge had ordered me to. I'm just →

ready to get to my family and start my new life.
