meaning that I was to empty my pockets of everything I had. I pleaded with him that I did not have any money. We proceeded to fight, as I was fighting for my life, and to get out of the back room that I was trapped in. To make a long story short I killed him in self-defense. IN no way am I a monster and I hope I am not viewed as such. I did not wake up on 6-15-08 and say "im gonna kill someone". It was a freak accident, and I am terribly sorry that it happened. In fact the victim's family actually forgave me at sentencing. Before prison I was a college student, at the University of Phoenix, and M.A.T.C. I am a certified phlebotomist by trade. I've been incarcerated for 12 years and since my incarceration I have taken advantage of every available program I came in at 26 I am now 38. I have had a lot of time to reflect and also time to get myself together mentally, spiritually, emotionally,

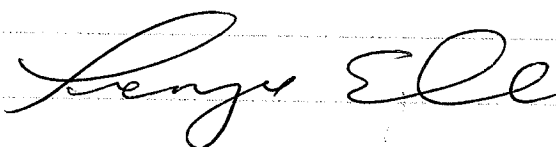

Reason #3: Third reason I am petitioning for a waiver for executive clemency is that I've been incarcerated for 12 years and I only have 24 months until released. My release date is 6-8-2022, and furthermore that time can be used to better help the community, family, and build my own business that would ultimately employ people of my community.

I TREMAYNE EDWARDS, certify that the information in this application is true to the best of my personal knowledge
