Peg Swan

from A.D. Lee:

Thanks for the envelope and writing paper, it has come in very handy, Now, I can explain the fact of my case better, Thank you!

I will try to put every thing in catigory from first to last.

FIRST

- ① I lived at 2409 W Finn Pl at the time the police raided the house at 2846 N 29th St, but was visiting Timothy Mitchell and Balonda Jacobs who both live there among other. ① There was about 8 or 9 peple in the house at these four who live in the house, beside MR. Mitchell and Balonda. MR Mitchell rented the house, Balonda was a legal caretaker that live in the house, who's bed room police found drugs. I known Tim about 15 years and Balonda about 7 years and did move them from S 15th St November 2017. I had a friend^{ship} with benefit relationship with Balonda and would also come to see them both. I'm sure thing was left things she did not throw away like junk mail, ~~the~~ state called identifiers, but none of mail or prescription bottle had 2846 N 29th St address, if they was identifiers they -

②

identified i lived at 2409 w Finn Plr
or if i would not had been there at the time
they raided it would serve as circumstantial evidence
that i have been in the house, sometime or another.

- ① None was found to indicate i had drugs.
- ② Nothing indicated any control of any kind over the house in anyway!
- ③ when comparing me to everyone else that was visiting or live there, there was just no way to pick me out from them and say i did anything but visit.
- ④ They did not ~~say~~ found nothing at all to indicate i even knew what she had in the closet.
- ⑤ At court the officer that was in charge of the case did not show up or give any reason why he didn't show up. Their only witness could only testify to getting me out of the house when they raided it, but under oath he also stated he had no idea who the drugs belong to.
- ⑥ The warrant was not presented in court they said because it was hearsay.
- ⑦ So no warrant nothing to link to the drugs. witness don't know who the drugs are.
- ⑧ No mail, no prescription bottle or car registration no circumstantial evidence like that.

③

⑧ When found out I did not live there and not one thing they could find had my name on it and that address.

⑨ They said found circumstantial evidence, but by not saying the address it would seem the so called evidence indicated I lived in that house.

⑩ Everyone else had mail or something that connected to the house.

~~The~~ The jury found guilty of all counts.

Looking Forward
to hear from you!

Again Thank you
very much for the
written paper and envelope!

P.S Hope this find
you in good health!
