Mrs. Swan,

Its been a long time since ive written to you. I thought I had you added to my E-mail, but for some reason ive lost multiple contact email addresses.

Things at CCI are starting to return to semi-normal. The Kitchen has hired more workers. I estimate 75% capacity. Rec is being given 2 x's a week now. Still no library. Law Library once a week.

You may remember that last Septemer 2019 I was able to get 3 other fellow kitchen workers to sit with me in Peaceful Protest that resulted in me being assaulted by staff and ultimately the policy UN Fink instituted only allowing I/m's who worked off-unit to attend rec/lib 1 time a week.

I filed a lawsuit Jordan Berg v. Gwen Schultz et.al 20-cv-185 in the Western District. Judge Peterson allowed me to proceed against numerous CCI Staff for Excessive Force. The DOJ was just served. The DOC cant win. Especially when the least amount of Force is to be utilized.

Obviously because of this incident I lost my employment

I'm gonna hold him to his word on this. Especially since I was beaten on this and staff abuse inmates (PTOC's) All the time. We shall see.

At the same time im fighting a criminal case against a staff member at NCI that started Oct 2018. I'm going to jury trial to expose NCI for their abuses. I've even got a staff member to testify on my behalf.

The day of my June 1st hearing to seek the C.O.'s records I got an emergency Attorney call. My attorney spoke to the D.A. Thursday before June 1 & he said if the Judge Grants the motion the D.A. will dismiss my case & re-file with more charges to include ~~repeated~~ repeated added. Its bullshit.

My attorney said it was unlikely to win, but we did. The Judge gave the D.A. until ~~the~~ July 15 & the Judge will let us know July 21st. I feel that's when the D.A. will make his move. Its scares me though.

Well my goal was to update you on things within the institution & myself. Im worried about the future of Court & COVID. If I get sick im afraid the HSU won't send me to the hospital.

I hope you are safe & keeping up with all the news coming out of the DOC. Stay well & stay safe.

Respectfully,

Jordan
