

6-29-2020

To: Peg Swan

on 6-29-2020 covid-19 testing was done here at J.C.I "Jackson Correctional Institution". ma'am. on that same day a correctional officer who was exposed to an inmate who tested positive for covid-19 a few days back this correctional officer was told to come to work and to just wear a mask and everything will be okay the very next day another correctional officer passed out in our unit on 6-30-2020 then on 7-1-2020 another inmate was moved to H54 cause he tested positive for covid-19 and his cell mate was put on lock down they locked two units down for positive tests on covid-19 they keep us together there is no social distancing we eat close to one another they don't wear masks at all till people started saying something about it we will like to be heard and this looked into with out the help of the outside and media we will just be ignored and lied to I suffer from C.O.P.D, asthma, Type 2 Diabetes and High Blood pressure and I am forced to stay in the same unit were people tested positive for covid-19 yes they was moved to H54 this is an air born virus ma'am and I am also forced to go take my insulin were these other inmates tested positive were there housed in the H54 unit were I have to go take my insulin ma'am.

Thank you

Jose Soto-Guzman
