

OCTOBER 16, 2020

Dear: Peg Swan,

I am writing to you to let you know what kind of tricks the Doc is up to right now. I figured it would be safer to hand write this.

During, this whole Pandemic we at Foxlake correctional had been covid-19 free among us inmates. on october 9th it was noticed by us that the Doc. covid-19 dashboard showed that we had 2 inmates with covid-19. To this day FLCI staff have not notified us that covid-19 is in the institution. In fact, most staff lie to us and saying that it's not here. However, one Sargent here at Foxlake (wishes to remain anonymous). Told me that not only was covid-19 here at Fox lake, but that The D.O.C. put it here. He said that The Doc transferred to inmates to Foxlake ~~when~~ when they tested positive. Both inmates ~~went~~ went straight into our seg unit for medical Isolation. now I am told that the number of positive inmates is up to 10 here at Foxlake.

→

To me this is a very scary situation. Since the DoG is trying to hide this. For me personally it's extremely scary. Since my asthma makes me high-risk for covid-19. Also I live in a barracks. So therefore, I live in a high risk environment, while being high risk. So now that the virus is in the institution, if it gets in my unit, I'll get it and that really scares me.

I wanted to write to you about this. Because I know that you will help get this information out for us. Thank you.

Sincerely,  
Adam
