Dear Ms. Swan:

My name is Luis Granados and I'm currently an inmate @ Green Bay Corr Inst. I wrote to you in May of this year from C.C.I., but since then I've been transferred here to G.B.C.I. I did not receive a response from you yet so, in writing to share with you the problem we are having in Segregation with mentally ill inmates not receiving adequate mental health treatment.

(1) The institution does not have a sufficient number amount of P.S.U staff, and this they are aware of.

(2) The Segregation Unit and P.S.U staff have not provided any treatment programs for mentally ill inmates who self harm.

(3) The P.S.U. staff have not been following Policies & Procedures regarding Psychological input for inmates who are Mentally ill, and receive conduct reports for their actions, and they continue to house mentally ill inmates in Segregation, even though they understand these inmates don't adjust well in Sec.

So far I've wrote Complaints, and exhausted my administrative remedies, but this problem is so much bigger than me Peggy. Its Sad, its immoral, and its torture thats being justified. My next move is a Civil suite cause, im labeled Mentally ill, but im doing more

better as of today. I've would've write you sooner but stamps are hard to come by as of lately. We are receiving 2 stamps every month I believe, and with those I write my family to ensure they are OK.

But, I guess my real concern is that the DOC has been letting this virus (Covid-19) over shadow the real problems, and its STAKING us, and people don't see it... When will we be free ???

So, I don't want to take up to much of your time and, I hope I receive a response from you soon. Please be Covid cautious, and wear your MASK!

Also, if you have any information I could use may you please send it. I'm open to any NEWS-LETTERS, and any info I can use...

If you have any questions, please feel free to ask...

Thanks 4 your
Support...

~ Louie ~
