Hey peg swan I hope your doing okay and in the best of health. Well I enclosed my affidavit or if notary is denied it will be a Declaration. I thank you for your help and I am here to prevail against injustice and ill treatment. Just let me know what I can do. I also sent the "PHI" form to you with my signature authorizing release to FFVP. There are several other inmates here whom want to be involved, but don't want to put in any footwork unfortunately which I am against. People are only blind until you reveal the reality to them then they choose their destiny from there. Well I got several dates and times relating to many misconduct incidents, including failure to follow protocol by wearing facemask properly here and the "standards of care" which they fail to give. I'm very ambitious for the people and dedicated to a change for a change. I want to tell you something and it's out of respect, it's just rare you find or meet people who stand for what you stand for on the level that you stand for it. Are you "taken" by anyone? I hope this doesn't change anything, but I'm so curious and interested and great minds think alike. Remember it's all respect and I am 28 years old in December so to continue, I have several records that are contrary to one another by medical staff here. It's clear that they don't care by their actions. I'm not sure about others, but I know my circumstance with COVID-19 is pretty rare when compared to others, based on both medical and security personnel lack of care and inaccuracy in chronological events that occurred. Word is bond and I can pressure you I'll only propose facts to you with proof that any reasonable person can comprehend and conclude is malice and unconstitutional. I'm not sure, but do you have lawyers for bulletproof lawsuits like several I have? I want to be apart of what you do and every lawsuit I win I will donate. Well regardless I still want to donate if I win my suits pro se. Is Wisconsin your headquarters or is it the only location you have? I'm really serious about a change so please let me know what I can do. So I had my stimulus check since about late March or early April 2020 and was blocked the process of power of Attorney and just had recently (2 weeks ago) ~~received~~

permitted my aunt to send my check in. Do you know if its going to be accepted, sent back etc? I only had it sent in due to the fact they are denying me to give "POA" to anyone, and I need things. Is there by any chance you can tell me about how to obtain my cell phone from the Kenosha police Department? They never gave it to me (released it) or allowed me to get numbers from it. I'm from Illinois and my contacts have been limited since 2018 which was when I was incarcerated here in Wisconsin. Enjoy your day peg swan and I wish you the best of success!

Sincerely yours
