Dear Peggy,

Hi, how are you doing? Hopefully you are doing good. I hope and pray that you are not sick and have not caught Corona Virus.

Here at Oshkosh Correctional Institution I live on W-unit. They said we had (8) positive cases of Covid-19, but say they don't know how it got in the prison.

All staff and inmates are suppose to where mask ^{where we could stop the} ~~that are suppose~~ spread of Covid-19. That makes sense if they didn't give us useless mask. They have inmates make them out of cloth. They are either made way to big where it don't seal your mouth and nose, or they are made way to small where the mask barely cover the mouth.

They tested all of us inmates and we all tested negative. So the only

Way we could catch Covid-19 is
if the C.O.'s and staff bring it in.
That's the scary part because, the
guards run around the unit with no
mask on or ~~just~~ covering their
chin or forehead without covering
the mouth or nose. I am so scared
for my health.

Is there any way you can contact
the Prison or Warden and ask them
to please make the Guards and staff
to where there masks properly where
us inmates don't catch Covid-19 again.

Can you also help me out ~~with~~ with
some stamped envelopes and paper please.

Thanks A lot

George A. Manders II
