the news on warden at OSKosh  
is not doing enough to protect  
us. I hate being locked down,  
Test us and then lift lock down,  
quarantine. I have bronchitis  
and can die if I check Covid-19

The rest of the prison gets  
showers, phone, kiosk, work, rec  
outside yard puts us at more  
risk to spread the Covid-19.

A maintenance staff gave it  
to a inmate maintenance worker  
we should not be working at all  
do to staff can give it to us  
I refuse to work do to I go  
to clean staff bathroom, day room

and can catch Covid-19 by touching  
staff, we have to quarantine  
14 days or longer depending on if  
more got Covid-19, peg contact  
warden Jess, News to tell their  
issues and to test us all,  
peg send me to Covid-19

SENTENCE MODIFICATION MOTION,  
20 STAMPS, PAPER. I need stamps  
to write you, News, people in  
power, peg we need a vaccine  
soon, I do not want to catch  
Covid-19, peg we should be tested  
monthly or more often to keep  
us safe, locking us down does  
not stop us from catching

Covid-19. Why do we get punished  
at this prison so much. I got  
court deadlines and can not go to  
law library but other units can  
go to law library. I feel my  
constitutional rights are being  
violated. well psg I will go  
for now. Make sure you get  
something done for us.

love

Matthew.
