Peg:

Thank you.

I have filed a form DOC-1163A with Redgranite Correctional Institution's HSU allowing you access to my health information. I will begin modifying the sentence modification you sent me to fit my circumstances.

I had begun documenting the non-enforcement of mask wearing and social distancing, however some staff have lied to the ICE stating they are enforcing these rules.

The ICE refuses to view the video footage.

I understand with my crimes an inability to get access to programming my request for release is all but impossible.

But I have a mother with increasing medical issues who continues to ask when I am coming home.

Ergo, I must try.

Thank you

Much respect

Dominic Marak
