Subject: Your February 15, 2019 Letter

Dear Mr. Stechauner:

In reviewing your documents, this is a medical malpractice case. It is hard to prove value to meet medical standards, and can be an expensive case. However, if you would like to forward copies of the HSU records to me, I would be happy to review them. This letter will verify that I have not given you any legal advice and I am not advising you of any time limits. Thank you.

Sincerely,
AA Sabel Law Office, S.C.
